

### Congratulations with your MadPong set!

Without you MadPong wouldn't be in your hands right now. MadPong has become a reality thanks to the amazing support of you, the community, by supporting its crowdfunding campaign on Kickstarter. On behalf of the MadPong crew, have fun playing and we wish you an amazing and memorable party!

### PREPARATION

- 1 Place the cups on a long table in your favorite formation, do the same at the opposite side.
- 2 Fill the cups with a beverage of your choice (keep the beverage below the slope).
- 3 Choose your favorite challenges and place them inside all cups with the skull facing upwards.
- 4 Fill in the shot cup with a beverage of your liking.

### HOW TO PLAY

- 1 Make teams of one or more players.
- 2 Take turns in throwing the ping pong ball, the objective is to score inside the opponent's cup.
- 3 If your opponent scores, take out the ball and the challenge (don't show the challenge to the others) and drink the beverage.
- 4 After you emptied your drink, perform the challenge. For instance: when the challenge shows a cow, act like a cow. All players including your team mates must mimic you.
- 5 As the person initiating the challenge, you are the referee. Your task is to keep track of who was last in performing the challenge, and if it was executed properly. The last person to perform the challenge lost, and must take a shot.
- 6 Keep playing until one of the teams has no cups left.
- 7 The team that manages to get rid of all cups of the opposite team first, wins.

### WARNING / IMPORTANT

We do not support misuse of alcohol. If you choose to play MADPONG with alcoholic beverages make sure you are of legal age in your country, don't drink excessively and don't drink and drive. People who play MADPONG are responsible for their own actions while playing. Rebelz games cannot be liable for any damage or accidents that may result from these actions. Before playing read the instructions and remove any components/challenge that you may find inappropriate.
